

# Aziz Channoufi

## Developpeur Front End

**Location:** Italie , Roma

**Phone:** +393444414036

**E-mail :** azizchannoufi39@gmail.com

**LinkedIn :** <https://www.linkedin.com/in/aziz-channoufi-a13246260/>

**Github :** <https://github.com/azizchannoufi>

**Availability:** Available for work

### Objective :

Passionate Web Frontend Engineer with extensive experience in JavaScript, TypeScript, React, and CSS. Skilled in building high-performance, accessible web applications and contributing to open-source projects. Seeking to leverage my technical expertise at Canonical to help shape innovative and accessible web technologies and contribute to the growth of the Flutter toolkit for desktop and web applications.

### Core Competencies :

**Frontend Development:** JavaScript (ES6+), TypeScript, React.js, CSS3, HTML5, Flutter

**API Integration:** REST API design and development

**UX/UI Design:** Focus on accessibility, performance, and responsive layouts

**Tools & Frameworks:** Redux, Webpack, Git, Docker, Kubernetes, Vanilla Framework

**Platforms:** Linux (Debian/Ubuntu), Agile environments

**Collaboration:** Excellent communication skills, distributed team collaboration

**Open-Source Contribution:** Experience contributing to and maintaining open-source projects

**Performance Optimization:** Focus on user-centric UI development and scalable services

### Professional Experience :

#### Frontend Developer - Intern

##### Mint IT – September 2024 – September 2025

- Worked on frontend development **using Flutter**, building a small-scale application **with clean architecture** principles.
- **Consumed APIs** to synchronize data and provide a seamless user experience across the app.

#### Freelance Full Stack Mobile Developer

##### Clothing Sales Mobile Application

July 2024 – September 2024

- Utilized **React Native** for frontend development, ensuring a user-friendly and optimized interface.
- Built the backend using **Node.js** and **Express.js**, implementing **REST APIs** for smooth data synchronization.

#### Full Stack Mobile Developer

##### Meald – June 2024 – July 2024

- Developed a mobile application using **Flutter** and **Dart**, ensuring a smooth and responsive user experience.
- Followed best practices in software development to ensure code quality and maintainability.

## **Full Stack Mobile Developer**

### **SalesTrack Pro Whirlpool – May 2024 – July 2024**

- Designed mobile UI using **React Native**, focusing on seamless user interaction.
- Managed backend development using **Node.js**, **Express.js**, and **Sequelize** for efficient database handling.

## **Full Stack Developer – Intern**

### **LEC MEDIA – January 2024 – May 2024**

- Developed interactive web components using **HTML**, **CSS**, and **JavaScript**, and incorporated animations with **GSAP** and **Three.js**.
- Optimized performance and collaborated closely with the design and backend teams.

## **Scrum Master & Full Stack Mobile Developer**

### **Sarbini - Resto&Coffe – December 2023 – January 2024**

- Implemented **Agile Scrum methodologies** for task and project management.
- Full stack development of a web solution for order management and customer interaction.

## **Full Stack Developer**

### **Marketplace – Ecommerce Website – December 2023 – January 2024**

- Developed the frontend with **React**, ensuring a responsive and user-friendly interface.
- Created the backend using **Node.js** and **Express.js**, managing transactions and database functionality.

## **Full Stack Developer**

### **RebootKamp (rbk) – September 2023 – January 2024**

- Developed a responsive user interface using **React**, **CSS**, **Tailwind CSS**, and **Material UI**.
- Created a robust API using **Express.js**, **Node.js**, and integrated **MongoDB** for data handling.

## **Education**

### **1st year degree in Management**

Higher Institute of Technological Studies

2022 - 2024

### **Bachelor of Computer Science (New Generation)**

**Khaireddine Ariana High School**

2021 - 2022

### **Full-Stack Developer Certificate**

**RebootKamp**

September 2023 - January 2024

### **Introduction to the Web**

**Crococoder**

October 2022 - December 2022

## **Certifications:**

- Agile Project Management - HP LIFE (2024)
- Full-Stack Developer – RebootKamp (2024)
- Introduction to the Web – Crocodocder (2022)

## **Technical Skills**

**Languages:** JavaScript, TypeScript, Dart, HTML5, CSS3

**Frameworks:** React.js, React Native, Flutter, Node.js, Express.js

**Databases:** MongoDB, MySQL, PostgreSQL

**Tools:** Git, Docker, Webpack, Agile/Scrum

**Operating Systems:** Linux (Ubuntu/Debian)
